2012 TALON™ BMS SPACER BLOCK KIT

•For sandwich mounting between outboard & jackplate

6102661 1810211

$46.93

TALON™ FOOT SWITCH

•Wireless switch lets you raise & lower the spike •Control up to two Talons – independently or simultaneously – from the waterproof switch, which uses an LED display & features an easy-access battery compartment

6102685 1810256

$105.25

TALON™ TILT BRACKET

•Easy-tilt action accommodates for low clearance areas & boat storage •Marine-grade anodized aluminum construction •Adjustable deck support provides stability while tilting •Requires use of a Talon Adapter Bracket - not intended for use w/Talon direct-mounted to hull of boat •Designed for temporary clearance - not intended for transport (on water or trailering) •SS hardware included

6102675 1810221

$190.38

TALON™ SHALLOW WATER ANCHOR

•Electro mechanical cable-driven design •Vertically deploys the spike, w/o fish-spooking noise •2-stage deployment on 6' & 8' models - 3 stage deployment on 10' & 12' models which offers up to 4' of additional anchoring depth w/out increasing the Talon's height •Deployment notification alarm at engine start-up •Auto Up/Down feature eliminates need to continually press button until the spike is completely deployed •Auto-Drive feature drives spike into the bottom w/3 successive hits w/increased force on each hit •Rough Water Mode repeats the Auto-Drive feature sequence 3 additional times at 10 sec. intervals to ensure a secure hold •10' & 12' models let you activate Soft Bottom Mode for less aggressive anchoring & easier retraction in water w/ muddy or silted bottoms •Built-in Wave Absorption functions like a floating suspension that allows 6'' of "float" to prevent anchor from becoming unseated due to waves & chop •LED indicator lights display depth - 1' increments for 6' & 8' models - 2' increments for 10' & 12' models •No hydraulics •Easy to install & doesn't take a lot of storage space •With versatility of adjustments, vertically & front/back tilt 30º allows it to be mounted to any boat configuration w/o additional shims •Quick release bracket for easy removal •Can be used in freshwater or saltwater •2 wireless remotes included •Comprehensive 5-year warranty & limited lifetime warranty on the spike

SAHARA AUTOMATIC BILGE PUMPS

•Permanent-magnet motor •Stainless steel shaft •Steel-reinforced seal •36'' tinned-copper, 16-ga. wire, caulked to prevent water from wicking through insulation jacket •Mercury-free, compact design •Environmentally friendly •3-year warranty

Order #	Mfg. #	Model	
6031726	4505-7	S500	**$29.99**
6031727	4507-7	S750	**53.85**
6031728	4511-7	S1100	**63.23**

TSUNAMI BILGE PUMPS

•Compact, low-profile design •Glass- & mineral-filled polymer body •Corrosion-resistant, tinned & caulked wiring eliminates wicking & water damage •High efficiency, permanent magnet motor with composite brushes & lubricated bearings •316 SS shaft •Easy cartridge installation •Free-flowing water around motor housing keeps motor cool, extends life •Double filter base resists clogging •Anti-air lock valve •High-impact, glass-filled polyester impeller •Motor cartridges of same GPH capacity can be removed from bilge pump & inserted into aerator pump or vice-versa •Patented steel-reinforced motor shaft seal •3-year warranty

Order #	Mfg. #	Model	
6031919	4606-7	T500	**$13.30**
6031920	4608-7	T800	**19.55**
6031921	4612-7	T1200	**26.62**

TSUNAMI CARTRIDGE MOTOR REPLACEMENT

•Dependable, long-lasting •Boaters can remove cartridge & insert another •Interchangeable: between bilge & aerator pumps with same GPH capacity •Twist-&-lock design allows quick, easy removal/replacement •Compact, easy-to-grasp, ideal for maneuvering in tight spaces •Each GPH model is color-coded

Order #	Mfg. #	For	Color-Code	
6031922	4620-6	T-500	Red	**10.87**
6033031	4622-6	T-800	Blue	**15.88**
6033032	4624-6	T-1200	Black	**21.62**

TSUNAMI AERATOR PUMPS

•Glass- & mineral-filled polymer inlet & body withstands stresses associated with hull pounding, resists deteriorating effects of caulks •Anti-air lock vanes allow pump to regain prime quickly when air lock occurs •Water-cooled housing reduces heat buildup, extending motor life •Corrosion-resistant, tinned & caulked wiring eliminates wicking & water damage •Threaded outlet style with sizes to accommodate standard filter screens •Depress Tab & Twist motor cartridge •12V •36'' wire

Order #	Mfg. #	Type	ID

Prices in this publication are subject to change without notice. Any terms quoted are subject to prior credit approval. We are not responsible for errors in printing as a result of typing/proofing or misinformation of products supplied by the manufacturers. Only the warranties supplied by the manufacturers of the products listed are offered. Some products in this publication are dangerous; misuse or careless use may cause serious injury or death. The purchaser/user should carefully read and follow the manufacturer's instructions. Due to time involved in the preparation, printing and mailing of this publication, as well as pending legislation of the demand for certain products, availability of some items may be limited. We are making every effort to provide you with the products advertised. We appreciate your patience and your business.

NOTICE: Even though the US Postal Service says they deliver bulk mail on a timely basis, we find there are delays. One avenue that seems to provide results is the use of the US Postal Service Form PS 4314 Consumer Service Card. If your copy of the Ellett Brothers® Flyer is arriving late, go to your local post office and fill out the Consumer Service Card. Earlier cases have had positive results.

Thank You, Ellett Brothers®
